## Community Applicator Certification Training

This Community Applicator certification training is:

- **Only** applicable to employees of a Community governmental entity or a GRIC Community member.
- Required within the GRIC for those applicators that use or supervise the use of **general use** pesticides and are without other recognized pesticide applicator credentials.
- A great initial training if you are interested in becoming a professional pesticide applicator.

The certification training is comprised of ten (10) training modules. The modules will be presented each month, dividing the modules between two days. (See attached schedule for training dates.)

### Day 1 Modules

1: Pest Management & the IPM Philosophy

2: Pesticide Laws

3: Pesticide Labeling

4: Pesticide Formulations

5: Hazards, First Aid, & Response to Pesticide Emergencies

6: Pesticides & the Environment

### Day 2 Modules

7: Personal Protective Equipment

8: Transportation & Storage of Pesticides

9: Planning Pesticide Applications

10: Pesticide Applications

Attendees may complete the training as their schedule allows. At the successful completion of this course, the attendee will receive their Community Applicator certification card and meet the requirements of the Community's Pesticide Code for general use pesticide applicators within the Gila River Indian Community.

### Registration:

**Each attendee must** submit a completed Community Applicator Certification application **and** attach a photocopy of a GRIC Government Department or Enterprise Employee ID, or GRIC tribal member ID. Priority registration will be given to those applicators who must attend to ensure compliance with GR-05-14. Registrant must specify the training date(s) planning to attend.

### TRAINING LOCATION:

**Gila River Indian Community  
DEQ Conference Room  
45 S. Church St.
