FY22 Proposed Pesticide Code Public Notification

What is the reason for the changes made to the existing Pesticide Code, GR-05-14?

Regular amendments to the Code are required to ensure that its provisions are clear, concise, applicable, and defensible in a court of law. The Pesticide Code incorporates Federal pesticide laws through adoption by reference. Some Federal pesticide laws have undergone significant amendments since the implementation of GR-05-14. As such, the Community's Code must not conflict with and remain consistent with Community and Federal law regarding pesticide use.

Where can I find the current Pesticide Code, GR-05-14?

You may view or download a copy of the current code at:

<http://www.gricdeq.org/index.php/pesticide-control-office/regulatory/legislation>

You may also request that a hard copy be mailed to you from the Pesticide Control Office.

How do I obtain a copy of the draft proposed Pesticide Code?

You may view or download a copy of the proposed draft code at:

<https://www.gricdeq.org/index.php/education--outreach/public-notices>

How do I submit comments regarding the proposed Code?

You may submit comments to the Pesticide Control Office via US Postal Service, or email them to the following addresses:

PO Box 2139
Sacaton, AZ 85147
