**INSTRUCTIONS
NOTIFICATION OF MINOR MODIFICATION AT A CURRENTLY PERMITTED FACILITY**

Per Part II, Section 5.4 of the Gila River Indian Community's (GRIC) Air Quality Management Plan (AQMP), this notification must be submitted for a minor permit revision to a currently permitted facility. **Submit this notification prior to making the modifications.** The submitted notification and documents become the property of the Gila River Indian Community (GRIC) DEQ and will not be returned. All submitted documents will be available to the public unless a notice of confidentiality has been submitted by the applicant and agreed upon by the Director in accordance with Part II, Section 10 of the GRIC Air Quality Management Plan (AQMP). If confidentiality is granted, a fully completed notification with confidential information clearly identified along with a separate copy of the application for public review without the confidential information must be submitted.

Notifications can be mailed to the **Department of Environmental Quality (DEQ)** at PO Box 97, Sacaton, AZ 85147, submitted in-person at 168 Skill Center Rd., Sacaton, AZ 85147, or emailed to air@gric.nsn.us. A **\$150.00** application fee must accompany the application. Payments can be made by check (made out to the Gila River Indian Community DEQ) and mailed or hand-delivered to the DEQ office or by credit card at the GRIC Cashier's office or over the phone (520-562-9621). If paying by credit card, please reference "**DEQ28**" and the facility/company name and submit the payment receipt along with the application. Before the permit is revised, the Permittee will be billed and must submit payment for all permit processing time required for billable permit actions, in excess of the application fee, at a rate adjusted annually under Part II, Section 11.8 of the AQMP.

An application fee is not required for a Tribal Entity. Part II, Section 1.0 of the AQMP defines a Tribal Entity as "a tribally owned and operated corporation, business or enterprise that provides funding to the Community Council resulting from profits from operating the entity where at least fifty (50) percent of the profits are shared with the Council for the benefit of Community members."

Complete items 1-9 and attach manufacturers' drawings and specifications when required by the application. If necessary, attach additional sheets to the application to provide all required information. Submit the application by completing the attached original forms. Consider future growth when determining the maximum throughputs and/or production rates. **All applicants must complete items 1 through 9 and Sections Z1-M and Z2-M or the application will be deemed incomplete.**

The GRIC AQMP (air pollution control regulations) is available at the above addresses or may be viewed and/or downloaded from our web site at www.gricdeq.org. You may also contact the Department by telephone at (520) 562-2234 to obtain a hard copy or electronic copy of the GRIC AQMP.

If you need help completing the application package or to schedule a meeting with permitting staff, please see our website or contact the Air Quality Program Manager at air@gric.nsn.us / (520) 796-3781.
